Elapsed Time

BrightPage

Instructions

1. Count up by 5 minutes from the start time to the end time.
2. Once you get to 60 minutes, which is one hour, start over at 5. Write the end time or the minutes.

Example

Starts at 2:05. Ends at 3:15. **70** minutes

Count by 5s from 2:05. At 3:05 the count reaches 60: that is 1 hour. Start over at 5: 3:10 is 5, 3:15 is 10. 1 hour and 10 minutes is 70 minutes.

---

1 Starts at 7:15. Ends at 8:00. ___ minutes
